What is required

- Yarn fixing Device and color reader would be provided by Shima Seiki
- All devices must be returned to Shima Seiki Japan at yarn company cost if yarn company confirmed exit yarnbank after free trial

Standard Plan

Included in plan

SDS®-ONE APEX Fiz™ Design Jr.
(Yarn data creation software)

Yarn fixing device

Color reader

What to prepare

PC

Scanner

Lighting environment

* A light source (D65 environment) is required depending on the environment.

(Reference model) Luci TeSOLA LTS-SET-B-ND

Please refer to the "Recommended system requirements" available separately.

Lite Plan

Your PC

Supported browser:

Google Chrome

Microsoft Edge

Safari

What is required (Recommended Computer Spec)

	Design	PGM	3D
OS	Windows10 Professional 64bit 1909 or higher *1		
Display	Full HD (1920×1080) or higher *2		
Storage	C drive: At least 130GB disk space	C drive: At least 20GB disk space	C drive: At least 130GB disk space
Sub Keyboard (OPTION)	Manufactured by SHIMA SEIKI		

* Shima Seiki software is NOT guaranteed for VM (Virtual Machine).

* Shima Seiki software supports pen tablet.

*1: Shima Seiki software is guaranteed only during support term by Microsoft.

*2: Shima Seiki software is NOT guaranteed for dual display.

RECOMMENDED

	Design	PGM	3D
CPU	Intel Core i7-8700 or higher		
RAM	16GB or higher		32GB or higher
GPU	NVIDIA Quadro P620 or higher		NVIDIA Quadro P4000 or higher *3 (At least 8GB of video memory)

*3: Shima Seiki recommends graphic cards released after P series. (Operativity confirmed: P4000, P5000, RTX4000, RTX5000)

What is required (Recommended Computer Spec)

MINIMUM

	Design	PGM	3D
CPU	Core i5-8400		Intel Core i7-8700
RAM	8GB		16GB
GPU	On the motherboard		NVIDIA Quadro P620

◆ For CMS (Color Management System)

Colorimeter	x-rite i1Pro2, i1Pro3
Display	EIZO Color Edge CS2420-Z, CS2731
Scanner	(A3 plus) EPSON Expression 12000XL, (A4) EPSON Perfection V600 Photo
Printer	Expression Photo HD XP-15000 *4

*4: U.S.A./Canada/Oceania/Europe: [Expression Photo HD XP-15000]

Hong Kong/Korea/Taiwan: [Expression Photo HD XP-15010]

China: [XP-15080]

South America/Asia except Japan: [EPSON L1800]

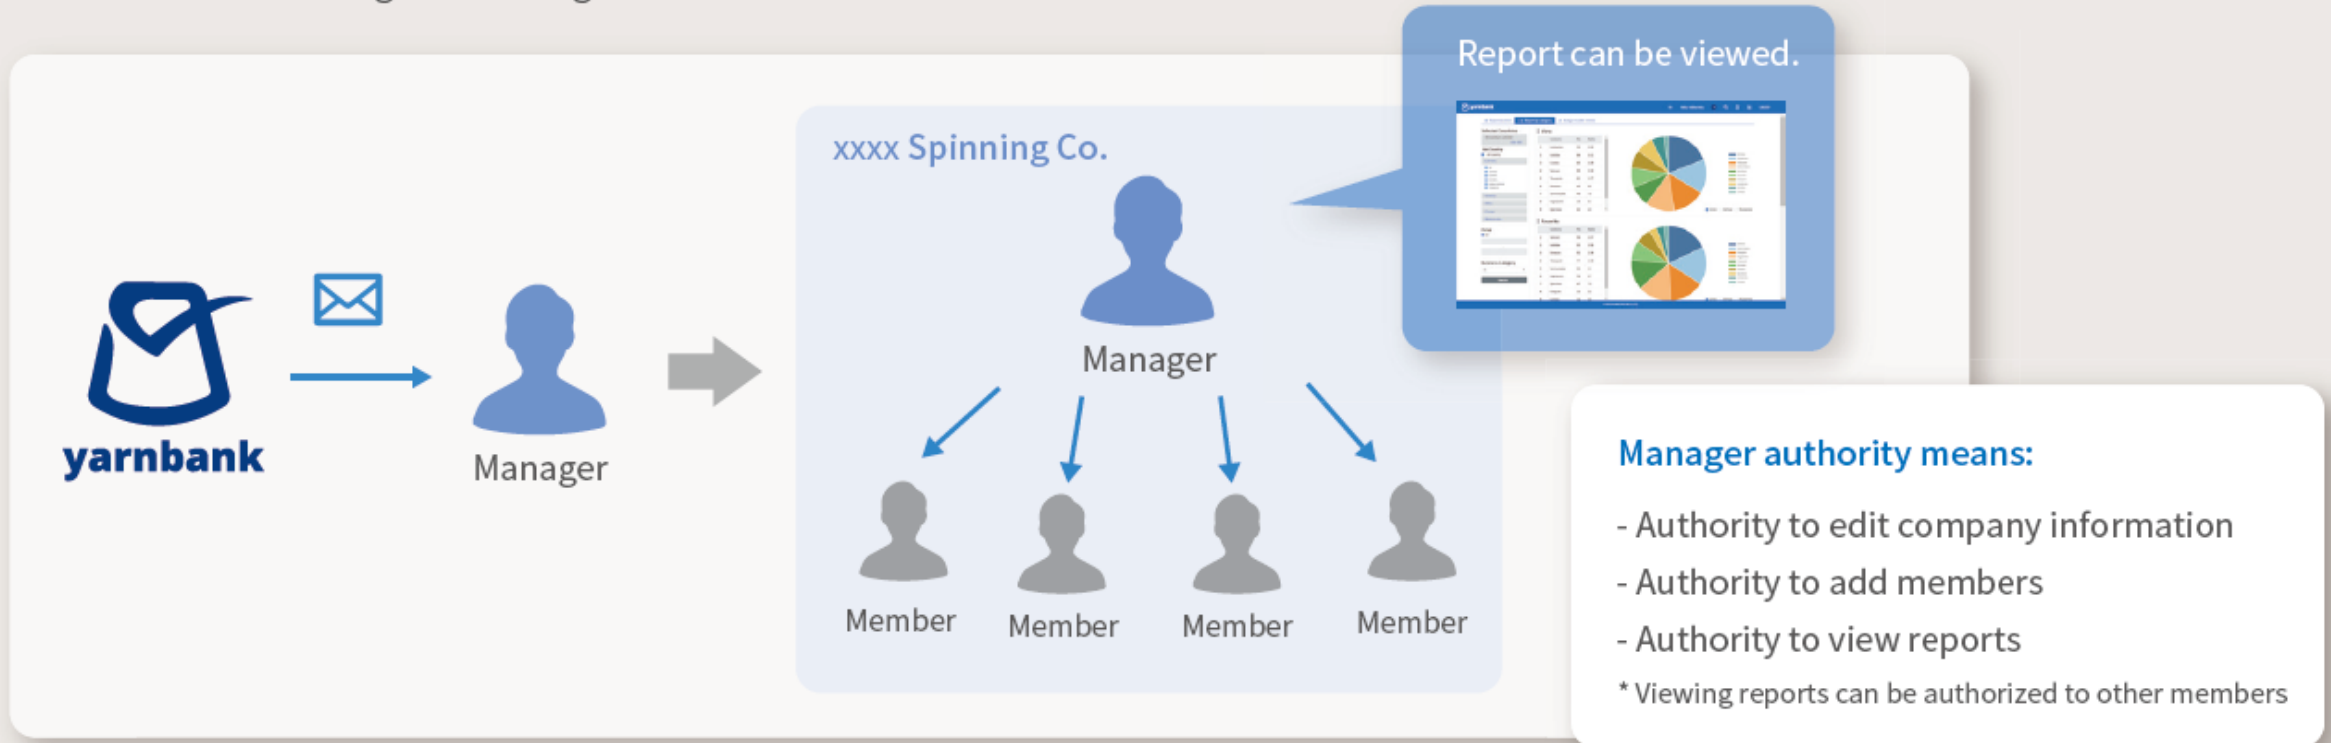

Create your account and manage your site

After signing the contract, an account with manager authority will be assigned to one representative.

Please create an account using the email sent from the yarnbank™ site.

After that, the manager can add members. Members will be able to upload/edit color books and yarn data.

* Members cannot log in to a single account at the same time.

Yarn data creation

standard plan only

Detailed work flow can be viewed after logging in to yarnbank™.

1. Prepare yarn and book

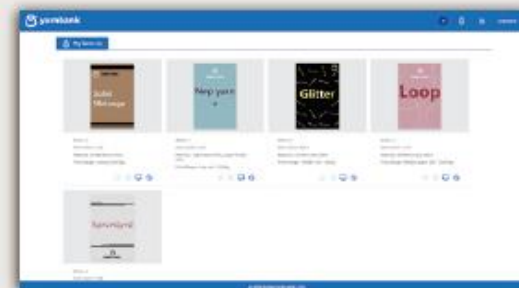

2. Scan yarn

3. Register color by Fiz Design Jr. (yarn data creation software)

4. Upload to web

The yarn data registered on yarnbank™ site is regularly checked for quality.

If the quality of the yarn data is extremely low, the posted information is incorrect, or if user inquiries have not been replied, we may contact you individually.

yarnbank™

Standard Plan

Yarn Scan Service

Workflow

SHIMA SEIKI

New registrations

Basic charge (US\$30/€27) + number of colors × price per color (@US\$7/€6)

e.g.: color book with 100 colors = US\$730/€627 (US\$30/€27 + 100 colors × US\$7/€6)

* Orders accepted from one color book.

* If there are books with the same color development, the price per color will be half the price for the second and subsequent books:

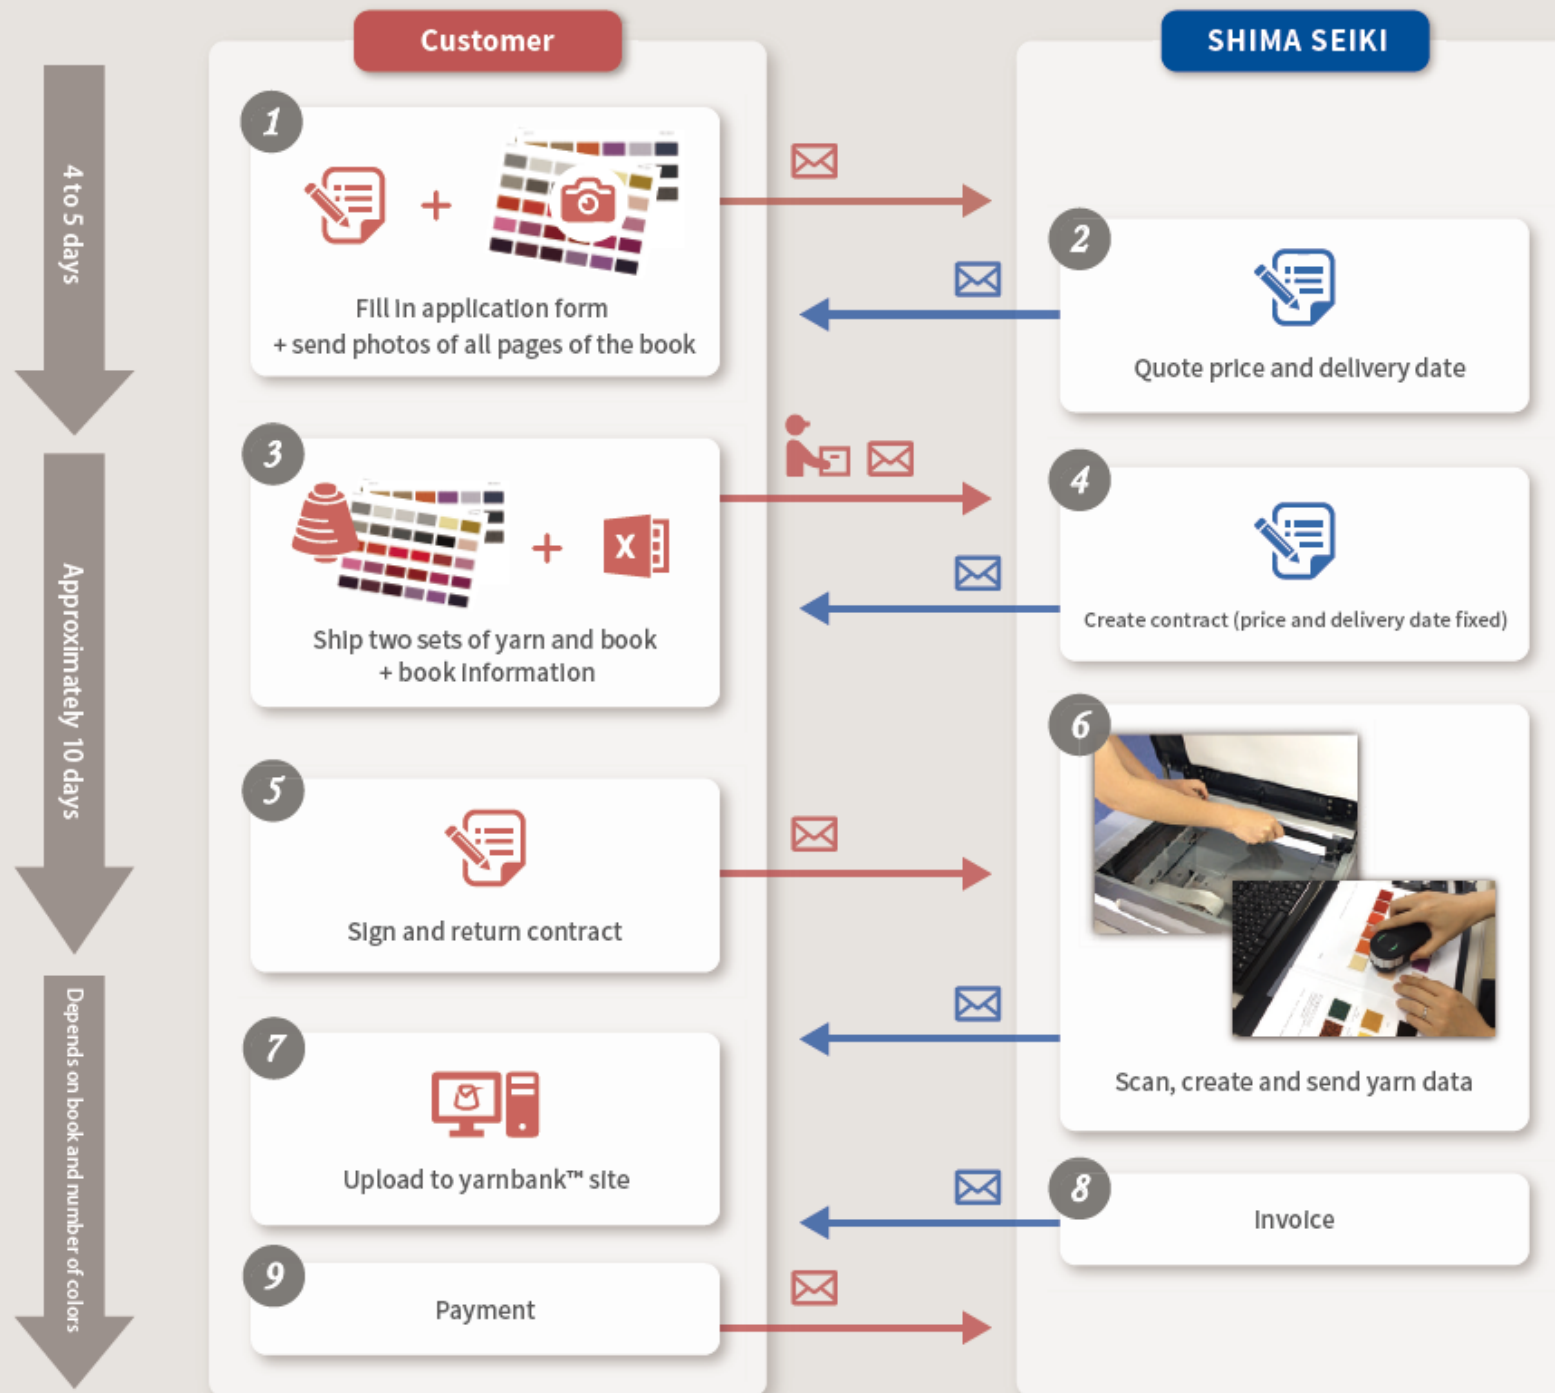

basic charge (US\$30/€27) + number of colors × price per color (@US\$3.5/€3)

Updates

Basic charge (US\$15/€13) + number of colors × price per color (@US\$7/€6)

* If there are books with the same color development, the price per color will be half the price for the second and subsequent books:

basic charge (US\$15/€13) + number of colors × price per color (@US\$3.5/€3)

Thank You!
